

# Giving Feedback

## About the course

Feedback is essential in the world of work. We all need feedback to progress and develop. Without it, we'd all stagnate. This course will guide you through giving out feedback in an effective, respectful way. You'll be more approachable, and get your point across without making things personal.

## Learning objectives

- How to approach giving feedback in the best ways possible

## Who's it for?

- Anyone in a professional capacity
- People who'd like to improve their communication and social skills

## Course Format

Sixty seconds of learning! Straight to the point, with great advice to implement.
